

SKWOOSH™

PRO ANGLER GEL FISHING SEAT

with

AIR-FLO^{3D}™ Breathable Fabric

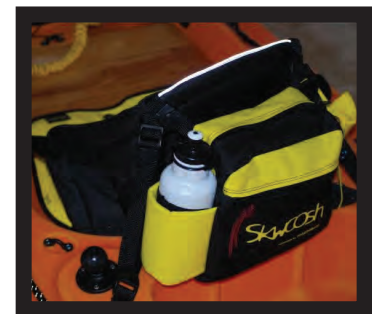

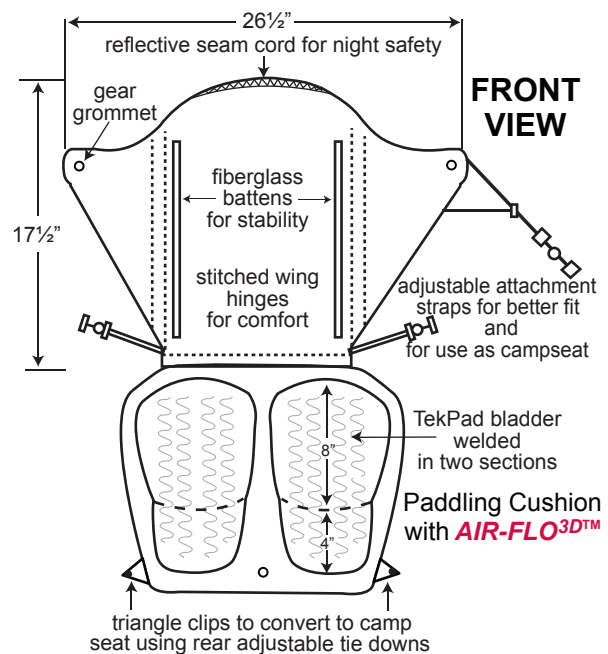

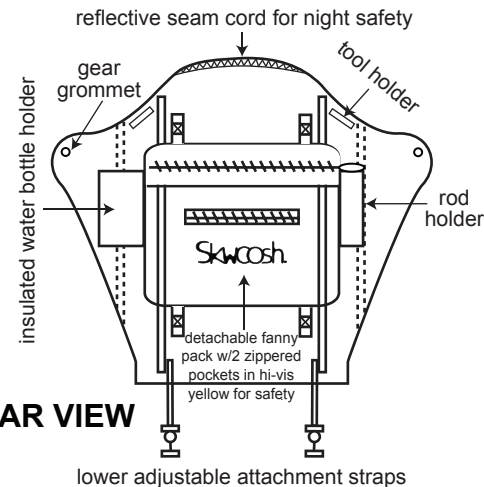

Designed for fishermen by fishermen

PRO ANGLER combines the SKWOOSH™ GEL KAYAK SEAT with AIR-FLO^{3D}™ breathable fabric for COOL comfortable kayak fishing. The seat is 1" high for better stability, better maneuverability and greater safety. The 17½" back is the right height for comfortable paddling and casting. PRO ANGLER AF has a built-in rod holder, water bottle holder and a detachable gear pack. It sports a hi-visibility color and a reflective cord for added safety. Grommets are conveniently located to attach extra gear and two straps hold small tools. On land it converts to a convenient camp chair. PRO ANGLER with AIR-FLO^{3D}™ breathable fabric is the ultimate in COOL comfort, convenience and safety for the kayak fisherman.
