

COMFORT Back SUPPORT Kayak Gel Seat with Adjustable Lumbar Pad

SKWOOSH™

Good paddling posture is the best way to maintain lower back comfort. The COMFORT BACK SUPPORT SEAT helps active paddlers maintain good posture and back comfort without inhibiting paddling. The seat features an adjustable lumbar gel pad for lower back support and a SKWOOSH™ gel pad for seating comfort. The height and shape of this seat is perfect for back comfort and the adjustable lumbar gel pad allows the paddler to focus support where it's needed most. Four adjustable attaching straps make this a universal support seat that fits most kayaks.
