

# SKWOOSH™ AGP GEL PAD FOR DRAGON BOAT RACERS

# SKWOOSH™

The SKWOOSH™ **AGP** Gel Pad is designed for competitive Dragon Boat paddlers. **AGP** Technology welds the Gel Packs where they are needed the most, directly under the weight bearing "sitz" bones, so serious racers can enjoy more comfortable and efficient paddling. The **AGP** Dragon Boat pad is approved by the **IDBF\***, weighs 7 oz., is 1/2" thick and delivers great comfort without changing your CG or torso height. The seat pad also features a built-in elastic carry loop so you can attach SKWOOSH directly to your favorite paddle for convenient, easy transport.

## BENEFITS & FEATURES

**AGP – Advanced Gel Pack** Technology for greater comfort and efficiency

**CARRY LOOP** – Attaches pad to paddle for convenient transport

**CUSHIONING** - TekPad® lightweight pressure relieving gel

**COMFORTABLE** - Relieving pressure helps you paddle longer

**LOW PROFILE** - Maintains torso distance and CG

**INTEGRATED NON-SKID BOTTOM** - No glue or tape needed.

**MAINTENANCE FREE** – No washing - functions in all temperatures

**LIGHTWEIGHT – WATERPROOF** - It floats

**FITS ALL SEATS - DURABLE LOW SLIP COVER MATERIAL**

**MADE IN USA** – Guaranteed Performance – Guaranteed Workmanship
