

# SKWOOSH™ OUTRIGGER CUSHION

# Skwoosh™

A lightweight, low profile performance comfort cushion for the competitive outrigger paddler. The SKWOOSH™ Outrigger Cushion is a factory modified version of our performance canoe cushion and is built to the same high performance specifications. SKWOOSH™ has added longer adjustable tie down straps to provide a more universal fit for competitive outrigger paddling and has maintained the low center of gravity necessary for greater stability and power transmission. SKWOOSH™ uses medically proven pressure relieving gel technology to make paddling more comfortable by eliminating numbness and discomfort in the legs and lower back. Paddle with more power longer and in comfort with SKWOOSH™.

- **CUSHIONING** - TekPad lightweight pressure relieving gel
- **COMFORTABLE** - Relieving pressure helps you paddle longer
- **STAYS PUT** - Adjustable extra long tie down straps with quick release buckles
- **WATERPROOF** - Floats\* - never soggy won't mold - leave attached to boat
