

THERAPY GEL CUSHION

Dr. Approved Comfort

The SKWOOSH™ Therapy Gel Cushion offers superb, therapeutic relief from the stress of sitting. The combination of pressure relieving TekPad® gel and the posture enhancing wedge design encourages correct spinal posture. The TekPad® Gel flows with movement and provides increased circulation and adaptive pressure relief in any seated position. The result of a joint development between Dr. Brad Lustick of Back Be Nimble and Skwoosh™, the Therapy Gel Cushion delivers posture-perfect design in a lightweight, low profile seat cushion. It has built-in carry handles, a non-skid bottom and is inconspicuous in use.

WHERE to use the Therapy Gel Cushion

- Stadium and Spectator Seating
- Car Seats and Airline Seats
- Coffee House and Restaurants
- Church Pews
- Dining Room Chairs
- Office Chairs
- Hard to semi-firm surfaces
- Kayaks and Canoes
- Wheelchairs

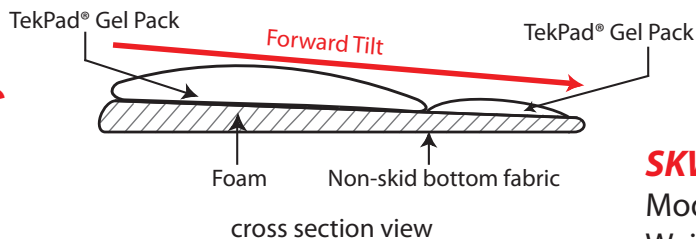

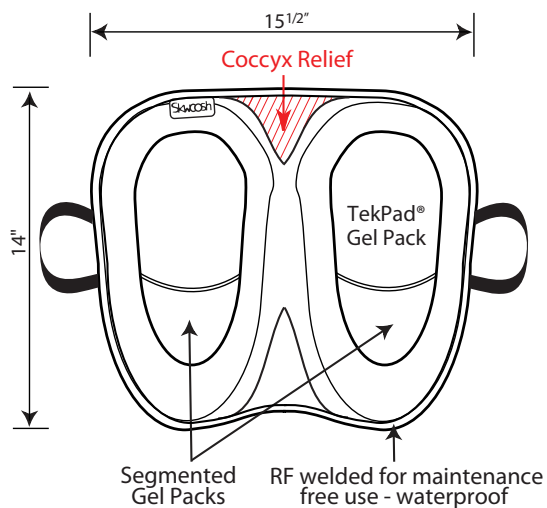

Get relief from...

- General Seating Discomfort
- Piriformis Syndrome
- Post Hip Replacement
- Lumbago or Low Back Pain
- Poor Posture While Sitting
- Hip Pain and Bursitis
- Varicosities & Poor Circulation in Legs
- Pressure Sores
- Pins and Needles Sensation in Legs or Buttocks
- Coccydynia or Tail Bone Pain
- Sciatica

HOW and WHY the Therapy Gel Cushion works

TekPad® Gel flows and contours to relieve pressure without bottoming out. The placement of more gel in the buttocks area supports a posture-enhancing wedge effect, encouraging a correct spinal posture while sitting. Because the gel flows with movement, it helps to increase circulation and offers adaptive pressure relief in any position. Combining pressure point relief with a posture enhancing forward tilt is what makes this lightweight cushion guarantee hours of sitting comfort.

Anatomy of the SKWOOSH™ Therapy Gel Cushion

SKWOOSH Therapy Gel Cushion

Model# TH2435

Weight: 15 oz.

Open Dimensions: 15 1/2"W x 14"L x 1"H
