

SKWOOSH™

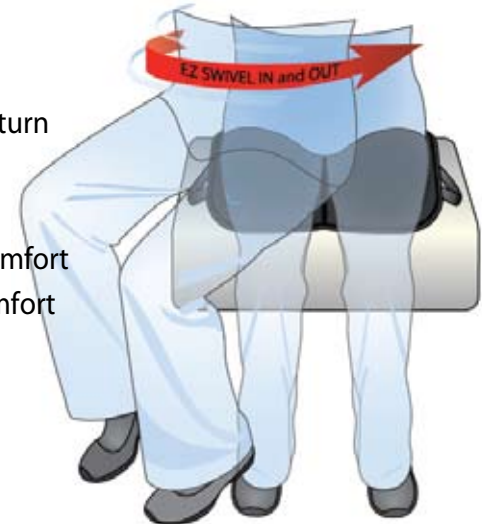

EZ SWIVEL

SKWOOSH™ EZ Swivel is lightweight, folds for portability, is less than 1" high and is almost invisible when in use. It has no mechanical parts to wear out or break. Sturdy handles let you carry the folded Skwoosh wherever you go and wherever you sit. The low friction top fabric allows you to swivel freely with little effort while the Non-Skid bottom keeps the **EZ Swivel** locked in place. Patented TekPad® gel supplies comfort and pressure relief for your weight bearing "sitz" bones. So take the **EZ Swivel** gel cushion **WHERE**ver and **WHEN**ever you have to get yourself **INTO, ONTO** or **OUT OF** anything.

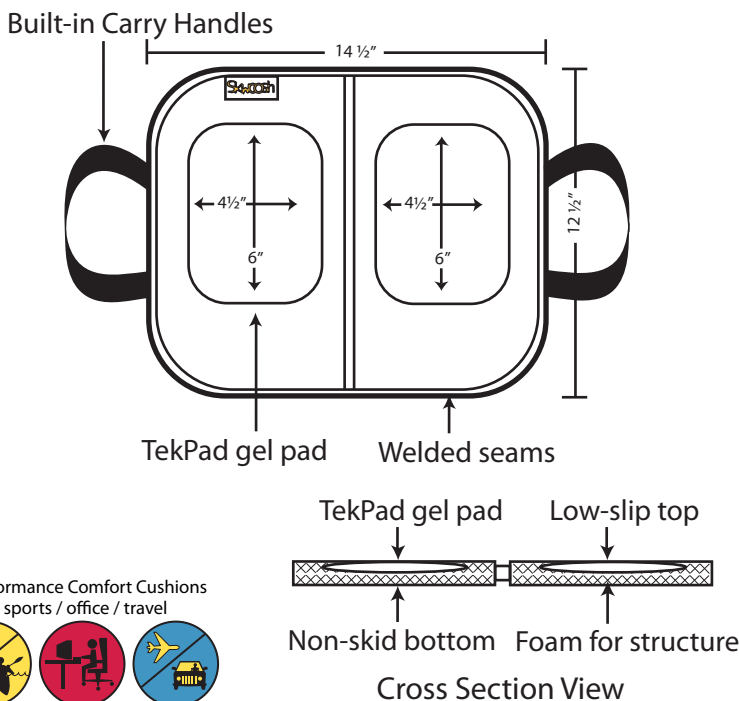

EZ Swivel stays put while you swivel - we guarantee it. The **SKWOOSH™ EZ Swivel** gel cushion makes getting into a car or chair easier. You turn with less effort while the **EZ Swivel** stays put.

BENEFITS
