

COMFORT FOR PROFESSIONAL PILOTS

COCKPIT COMFORT ♦ TRAVEL CONVENIENCE

SKWOOSH™ PILOT'S SEAT

Fly with SKWOOSH™ and say goodbye to discomfort and numbness in your legs and lower back. TekPad® gel technology delivers pressure relief for long flight comfort. This compact Pilot's seat is designed for pilots and flight attendants and fits all aircraft seats, including those with a central harness attachment. SKWOOSH™ is so convenient - it fits in a chart case, carry-on or use the attached loops to hang it from a roll-on. The non-skid bottom makes SKWOOSH™ stay put, insuring no movement during use. It's low ½" profile allows you to maintain normal seat position.

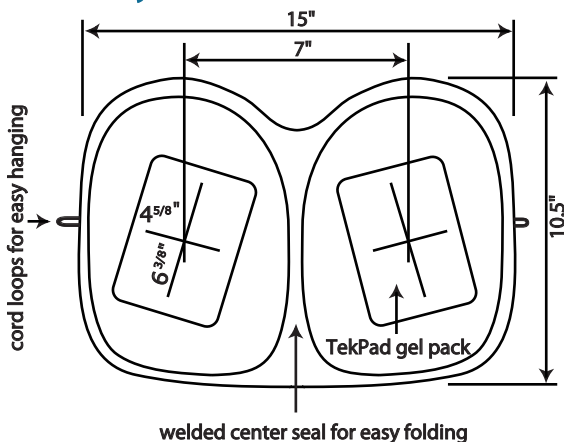

So when you must sit for a long time (in the cockpit or cabin) count on SKWOOSH™ for comfort.
